ST5™

The 2017 Rawlings™ ST5™ Football Has All the Features of a Classic Rawlings Game Ball. Starting with its Deep-Pebbled, Center-Cut Horween® Leather with an Enhanced Tack Formulation and Rawlings Proven Soft Touch Technology™ the Enhanced ST5™ Ball also Features our Re-Engineered Aerial™ Design to Offer the Smallest Allowable Pattern.

The ST5'S New Durable Painted Stripe is 67% More Durable than Standard Painted Stripes in the Market Today. Add in Rawlings R-Grip™ Lace, and this Ball Will Allow You Optimum Control Play After Play.

FEATURES

- **Pattern:** Aerial™ Pattern is the Smallest Allowable Pattern, Engineered to be Narrow where Quarterbacks Grip the Ball.
- **Stripe:** Painted Stripes are 67% More Durable than the Industry Standard.
- **Leather:** Enhanced Tack, Center-Cut, Deep-Pebbled Horween® Leather for Maximum Grip and Durability
- **Lace:** Rawlings R-Grip™ Rubberized Lace.
- **Construction:** Soft Touch Technology™ and its Unique 3-Ply Laminated Lining Offers Better Control and a Sure Grip

CUSTOM UNIFORMS

ISO (VARSITY)

Be Stronger. Be Unstoppable. Be the Best. The Iso Series Features Premium Fabrics that are Engineered for Extreme Performance and Heavy Impact, Allowing Players to Withstand Relentless Hours on the Field. They were Designed with Varsity and Collegiate Athletes in Mind, so Players and Jerseys Alike can Endure the Hardest Hits and Toughest Plays*. We're not Only Revolutionizing our Fabrics, but Athletes' Performance as Well.

ZONE™ (YOUTH)

Be Fast. Be Smart. Win. Players in the Zone use Efficiency and Agility to Put Their Teams on the Board. The Zone™ Series Features Fabrics Built for Speed to Allow Maximum Mobility. We've Engineered this Platform Specifically for Youth Athletes, Focusing on the Particularly Quick Movements Needed for Game Day.

* Playing football may result in severe injuries or even death that no equipment or apparel can prevent.

MATCHING COLORS:

There is no known process which can positively regulate the final results when cotton, polyester or nylon yarns or cloth are dyed. Even though the finest dyes and quality assurance processes are used, each lot may absorb the color in a different manner and vary in shading when finished. Every possible effort is made to match colors as closely as the peculiarities in dyes and dye action will permit, but the situation is not controllable. All orders are handled by us with the understanding that the purchaser realizes these conditions and accepts

the responsibility for any variations within standard tolerances. Fabric of 100% polyester or polyester blends in dark shades contain dyes that may tint light colors of Twill. Rawlings® will not assume responsibility should this occur. Sublimation: Color differences between sublimated and non-sublimated fabrics may occur. This phenomenon is known as a metamer effect.

VAPORFUSION™ STOCK FOOTBALL SLEEVE STRIPING PATTERNS

When ordering sleeve stripes, specify colors from sleeve end to shoulder

VAPOR
FUSION

Sleeve stripe patterns showing red and blue stripes in which the red and blue colors do not touch, are also available as a one color sleeve stripe pattern. White indicates fabric showing through. For youth sizes medium and smaller, Rawlings cannot guarantee the fit of sleeve stripe patterns greater than 3 1/4" tall. If size adjustments are necessary, the customer will be notified. Rawlings cannot guarantee fit of sleeve stripe and sleeve TV number combinations when the combined height of the artwork is greater than 6". Fit of TV numbers and sleeve stripes varies per jersey size. Please ask your customer service or sales representative for assistance.

PLACEMENT:

2" up from the bottom edge

VAPORFUSION™ STOCK FOOTBALL SLEEVE STRIPES WITH MASCOTS

See page 86 for
more mascot options

All standard mascot sleeve stripes offered in 1 or 2 color with Pattern #2 sleeve stripes. Two color orders must be ordered as pictured with the top and bottom sleeve stripes and mascot as the first color and the middle stripe as the second color. If the design or color scheme is altered, the artwork will no longer be standard, but rather a custom order.

These drawings are for illustration purposes only. Rawlings® and its affiliates expressly disclaim any rights in these mascot drawings. The customer is solely responsible for obtaining permission or a license to use proprietary marks.

NOTE: All standard mascot sleeve stripes are available in the sleeve stripe Pattern #2 only.

EEL - Add extra length, 1" or more

HOW TO MEASURE:

Chest - The tape should be placed under the arms level across back muscles and chest. Have the person take a deep breath when reading the measurement.

Waist - The tape should be placed around the waist above the top of the hip bone. It should be positioned approximately where the person wears a belt.

NOTES:

1. Always use a cloth tailor's tape when taking body measurements. Place the index finger and middle finger between tape and body while holding the tape with thumb.
2. For circumference measurements of the body, the tape measure should not be pulled too tight.
3. For garment size, use the tape measurement to the next largest inch.
4. Garment sizing is determined from the actual body measurements. A specific size garment, e.g. size 42, is designed to fit a body with a chest measurement of 42".

The actual size of the pattern and garment will be determined by:

- a. Requirements of the sport (designed for loose or tight fit).
- b. Type of fabric intended for the garment design.
- c. Special garment styles or designs. When the above adjustments have been factored into the pattern, the garment should fit the proper size body as indicated on the size label of garment.
- d. The type and size of pads worn by the player

Rawlings® reserves the right to refuse to manufacture any order. The purchaser must maintain the right to reproduce, or have reproduced, proprietary or protected commercial property.

WASHING GUIDE

DO WASH UNIFORMS PRIOR TO FIRST USE AND IMMEDIATELY AFTER EACH USE.

Naturally occurring PH levels in sweat may cause dye migration in first use. We recommend a detergent similar to Tide™ for cold water to help decrease the chance of this happening. Prior to washing in cool water, turning the garments inside out will help preserve Twill, Perma-Print®, and Embroidery. Clasp Velcro® prior to washing may help prevent snagging or picking.

DO NOT WASH UNIFORMS WITH OTHER ITEMS. Bleeding may occur.

DO NOT USE BLEACH. Bleach will deteriorate fabric fibers and may cause color loss.

DO NOT OVERLOAD WASHER OR DRYER. Hang dry is recommended for best results. In the dryer, overloading may cause the uniforms to stick together, especially those with Perma-Print® ink. Remove garments immediately after both wash and dry cycles. To avoid static and lint build-up, use an anti-static agent such as Bounce® Dryer Sheets.

DO NOT EXPOSE UNIFORMS TO HIGH HEAT. Excessive heat is the enemy of your uniform. Washing too hot, heat presses, ironing, dry cleaning, or heat transfers may cause dye migration and may break down fabric fibers. Also excessive heat, especially in dryers, can cause shrinkage above normal tolerances, cause Perma-Print® ink to crack, and Twill to wrinkle. If you use a dryer, please use a “damp dry” or “air dry” setting.

DO STORE IN A DRY, ROOM TEMPERATURE AREA, AWAY FROM DIRECT SUNLIGHT.

Excessive sunlight may cause discoloration.

Heavily soiled garments (grass, dirt, clay mud), pre-treatment is recommended

- Spray on products such as Spray’n Wash®, Shout®, or ESPRO® cleaner have been tested with positive results.
- Products such as Stick Stain® or Shout Gel® can be used for stubborn stains.
- For blood stains, it is best to rinse in room temperature water as soon as possible, and if necessary, soak in room temperature water before washing. One of the above pre-treatments can also be used, or an oxygen based laundry booster such as Oxy Clean® can also be used.
- For ink stains, use hair spray as soon as possible. Delaying the application of hair spray may decrease results. Spray on stain and rub until the ink is gone. Wash as normal.

QUALITY GUARANTEE

1 year warranty starts from date of customer receipt of Rawlings® uniforms. Warranty covers any defect or condition of a uniform that can be attributed to a manufacturing error, or otherwise deemed to be a Rawlings® quality concern. This does not include damage or discoloration that may occur from excessive collisions or abrasions, customer alteration, improper care, or circumstances beyond Rawlings® control. Please use the above uniform care instructions for best results.

Zone Uniforms: In-season warranty only on Rawlings® Zone, ZoneFit™ and ZoneFlex™ uniforms. All conditions apply same as the regular “1 year warranty”, notwithstanding the purchased in-season duration limitation.

Our caring service representatives are standing by for your questions at **1-800-729-5464** (800-RAWLINGS).

MATCHING COLORS:

There is no known process which can positively regulate the final results when cotton, polyester or nylon yarns or cloth are dyed. Even though the finest dyes and quality assurance processes are used, each lot may absorb the color in a different manner and vary in shading when finished. Every possible effort is made to match colors as closely as the peculiarities in dyes and dye action will permit, but the situation is not controllable. All orders are handled by us

with the understanding that the purchaser realizes these conditions and accepts the responsibility for any variations within standard tolerances. Fabric of 100% polyester or polyester blends in dark shades contain dyes that may tint light colors of Twill. Rawlings® will not assume responsibility should this occur. Sublimation: Color differences between sublimated and non-sublimated fabrics may occur. This phenomenon is known as a metamer effect.
